About Me

Highly skilled and detail-oriented software developer with over a year of experience in designing, developing, and deploying enterprise-level applications. Proficient in multiple programming languages, software development methodologies, and database management systems. Demonstrates strong problem-solving abilities and excels in collaborative, team-based environments.

Professional Experience

Developer, Digital India Corporation
Feb 2023 - Present

- Contributed to the Academic Bank of Credits project at the National e-Governance Division by developing and optimizing APIs and scripts for seamless data integration and insertion.
- Collaborated effectively with cross-functional teams to identify, prioritize, and implement key features and requirements.
- Proactively troubleshooted and resolved software defects and issues, ensuring smooth and efficient system performance.

Internships

QA Intern, HT Media
Nov 2022 - April 2023

Key responsibilities:

- Conducted comprehensive manual and automation testing for OTTPLAY, ensuring the platform's reliability and user experience.
- Executed detailed manual testing for slurp.com, identifying and addressing bugs to enhance site functionality and performance.

Intern, Mobicat Digital India pvt ltd
July - October 2021

Key responsibilities:

- Web designing for HRMS
- Social Media handling
- Graphic designing on Canva

Certificates
